

P4YP CIC Collective Aims

- To encourage achievement for all by effectively working in the community to overcome barriers to learning.
- To ensure that children and their families are supported through our early help School Pastoral Officers, Alternative Provision Unit.
- To provide coherent and consistent practices in working with children and their families.
- To create stronger communities with more active engagement, working together to tackle problems.
- To provide early intervention strategies and support to increase awareness, break down barriers and remove social stigmas.
- To provide wrap around support services for young people in the community and school environment.
- To provide support services for young people with mental health issues.
- To engage young people with interventions encouraging a more successful education.
- To equip young people with a life skills toolkit.
- To provide coping strategies enhancing their educational career.

School Pastoral Officer, Early Help Support

At P4YP We :

- Are based within schools and at The Hub @ Gladstone Buildings
- Support vulnerable children and their families within the home or at school, to initiate early interventions for low level issues.
For example, complete EHA's, safe and well checks when required. Encouraging positive and sustainable outcomes for children.
- Support families with appointments and meetings.
- Liaising with school staff, families, children and other agencies. Documenting confidential case notes on behalf of the school for reporting purposes.
- Sign post to other agencies if required including Starting Point Referrals and completion of EHA's for referred families.
- Attend agency meetings on behalf of school where required / lead TAF meetings.

1-1 Sessions for children in school are encouraged. During these session we can target key issues that the children are experiencing. Children can discuss family issues, feelings and anxieties with a view to helping them resolve issues successfully.

Alternative Provision Unit

- Based at The Hub @ Gladstone Buildings
- Our programme ethos is geared around positive encouragement to support young people to be successful in education.
- We offer an individual programme of work that supports young people with guided learning hours, in a safe, nurturing environment.
- All key stage students receive 1-1 support with a dedicated Progress Mentor.
- We also offer all year 10/11 students the opportunity to complete courses to benefit future career choices, such as a level 2 food & hygiene course.
- As an Alternative Provision will be offering cooking skills, work experiences in a wide range of opportunities working closely with our business suite partners.
- Providing any other relevant courses that would benefit our students.
- In September we will be fully registered to offer ASDAN certification, this will include modules on the following topics: PSHE, Citizenship, Living independently, Careers and experiencing work.
- To work towards gaining appropriate qualifications for the future.
